DIGIMAN PROJECT ROLLUP

After some partners brainstorm, the project's rollup is ready

DIGIMAN
master programme for digital manufacturing

DIGIMAN project aims to develop an innovative master's degree in digital manufacturing.

Expected outcomes:

1. Guideline to align requirements of Industry 4.0 to existent and designed digital technologies.
2. Document containing all data required to apply the proposed master's degree course.
3. Elaboration of lessons materials, teaching notes and examination system.
4. Elaboration of DIGIMAN - learning management system.
5. Promotion of new innovative programme study to industry stakeholders and HEIs.

DIGIMAN project envisages to reduce skills shortage and mismatches in the digital manufacturing sector, supporting the sectors growing demand and supplying the needed knowledge.

Starting date: 01.10.2019 **Ending date:** 31.03.2022

Partners:

Co-funded by the Erasmus+ Programme of the European Union

NEWS AND FORTHCOMING EVENTS

- News and updated information, regarding the activities and results obtained by the DIGIMAN consortium, will be posted onto the project's website: <http://digimanproject.eu>;
- Forthcoming events will include workshops organized by the consortium, such as the DIGIMAN Workshop organized in October 2021, in connection with The 15th International Conference on Modern Technologies in Manufacturing (MTeM 2021) - <https://mtem.utcluj.ro/> • Depending on the international travel restrictions caused by the COVID-19 pandemic, this DIGIMAN Workshop will be held face to face in Cluj-Napoca (RO), or it will be a virtual workshop, where the presentations on “Digital manufacturing” will be given online, by the DIGIMAN partners and invited speakers.
