Digital Manufacturing Master Degree to set specialists for the
dawn of **Industry 4.0**

DIGIMAN 
master programme for digital manufacturing

Project number:
2019-1-RO01-KA203-063486

**Multiplier
Event E8**

1. Executive Summary

The E1 multiplier event of the DIGIMAN project was organized by the University of Craiova. The event was held on the 17th of June 2022 in Drobeta Turnu Severin. At this workshop we had 17 participants. During the event, the results of the project were presented to teachers and students from other institutions. The main objectives and goals of the project were presented during the presentation, with special attention to the learning management system and the results of the learning materials.

2. Multiplier Events | Main Purposes

DIGIMAN aims to elaborate a master programme study related to digital manufacturing to meet the needs and challenges of Industry 4.0 and improve the companies' performance. During this event, stakeholders from the industry and academy were informed about the project's goals and results.

3. Topics to be covered in the multiplier event E8

In the E1 multiplier events the following topics were addressed:

- Results of the questionnaire about the needs of stakeholders for the education of digital manufacturing
- Presenting the digital educational tools and augmented reality systems
- Results of the developed curriculum
- Results of the learning and teaching materials in the e-learning system
